

Delegation - Australia

Cong Thanh Nguyen

Griffith University, Research Fellow

Dr Cong Thanh Nguyen received a PhD degree in Mechanical and Mechatronic Engineering at University of Technology Sydney in 2021. He has been working as a Postdoctoral Research Fellow at Queensland Micro and Nanotechnology Center, Griffith University, Australia since 2022. He has been experienced with projects funded by prestigious funding bodies, such as Australian Research Council (ARC) and Innovative Manufacturing Corporate Research Centre (IMCRC). His research field of interest covers semiconductor physics, micro and nanotechnology, and sensors and actuators. He has published 1 book chapter and over 20 scientific papers (Nano Energy, Applied Materials Today, ACS Applied Materials and Interfaces, ACS Applied Electronic Materials, Mechanical Systems and Signal Processing).
