

## Delegation – Australia

Hung Nguyen  
*University of Southern Queensland, PhD Candidate*

Hung is currently pursuing his PhD in materials engineering at the University of Southern Queensland, Australia, with a specialized focus on semiconductor materials, MEMS (Microelectromechanical Systems), and NEMS (Nanoelectromechanical Systems).

With solid experience from Australia, South Korea and Vietnam, he possesses a robust foundation in materials science and engineering principles. His experiences have been enriched by diverse experiences, including roles.

Driven by a passion for advancing knowledge in semiconductor materials, MEMS, and NEMS, Hung is eager to contribute his expertise and research acumen to prospective organizations. His resume, provided for review, offers a comprehensive overview of his qualifications, with a focus on his doctoral pursuits and contributions to the field.
